Irene Rosenfeld
Chairman and Chief Executive Officer
Mondelēz International
100 Deforest Ave

Dear Ms. Rosenfeld:

I write to express my concern over Mondelez's shifting production from the company's U.S. bakeries to its bakeries in Mexico.

Most important to my constituents, Mondelez's Nabisco plant in Portland, Oregon had a recent one week work stoppage where 200 workers were temporarily laid off. While my constituents are now back at work, I know they fear future disruptions. I greatly value your presence in Portland and the jobs that Mondelez supports. I think that you will agree with me that Oregon's workers are among the most talented, committed, and productive workers in the country. I hope that you appreciate them as much as their families and I do.

I trust that Mondelez has plans for continued production in Oregon and the good-paying jobs it supports. I remain concerned about the offshoring of good American jobs because of the harm to workers, their families, and to the overall economy. This concern is partly why I am committed, as the Ranking Member on the Senate Committee on Finance, to advancing policies that create an environment so that U.S. businesses and workers are as competitive as possible.

To that end, I request that you share with me Mondelez's long-term plans for investment in our American workforce. I am especially eager to know your long-term vision for Oregon production.

I trust that we can continue to work together to ensure your continued production in Oregon and I look forward to hearing from you in the near future.

Sincerely,

Ron Wyden
